

RETROFIT SMART LOCK · HT-SLM-4

Easy Fit Smart Lock

Upgrade your door. Keep your lock.

Upgrade a compatible door lock without replacing its mechanical lock case. Easy Fit adds app, PIN, fingerprint and Key Tag access while retaining physical key access where supported.

DESIGNED FOR EVERYDAY ACCESS

● Keep your familiar door

Retrofit design for many Scandinavian and European thumbturn locks.

● Easy installation

Attach it to the inside of your door using the supplied mounting pad. No drilling or lock replacement is required.

FIVE WAYS TO UNLOCK

Choose what feels natural.

Use the Heimgard Door App locally over Bluetooth, or unlock at the keypad without your phone.

**App**

Bluetooth control

**PIN**

4-10 digits

**Fingerprint**

One touch

**Key Tag**

Present to unlock

**Physical key**

Where compatible

Up to 12 months of battery life

Based on up to 10 operations per day, normal force and a controlled indoor environment.

PRODUCT OVERVIEW

A smarter way through the door.

Easy Fit combines an indoor motorised Smart Lock with an outdoor IP65 keypad. The Heimgard Door App guides installation, calibration and access management over Bluetooth.

ACCESS THAT FITS REAL LIFE

- **Share access without sharing keys**
Create permanent or daily access, plus one-time PIN codes for guests and services.
- **Manage up to 30 credentials**
Organise PIN codes, Key Tags and fingerprints by named user.

MADE FOR YOUR DOOR

- **Flexible operation**
Auto-Lock and Spring Latch Mode adapt operation to compatible door hardware.
- **Keep a familiar backup**
Manual inside operation remains available; physical key access depends on the existing cylinder.

Technical overview

Bluetooth local control · iOS and Android
