Battery-powered convenience, with a low-battery warning before replacement is needed.

PRODUCT OVERVIEW

A complete smart entry system.

Entry Lock combines an IP65 exterior keypad, interior control unit and Scandinavian mortise lock. Use it locally from the door, or add a compatible hub for connected control through your smart home.

ACCESS THAT FITS REAL LIFE

- **Manage family and guest access**
Register up to 39 individual PIN codes and 39 Key Tags, each assigned to a user ID.
- **Unlock without a phone**
Use the illuminated keypad, a Key Tag or the included emergency key directly at the door.

CONNECTED WHEN YOU WANT IT

- **Ready for your smart home**
Built-in Zigbee 3.0 connects to a compatible hub for app control, alerts and automations.
- **Locks automatically**
Adjustable Auto-Lock secures the door after unlocking, helping make everyday routines easier.
